Dear Sir,

I have found the original  
deed of agreement as to the division  
or stint upon Scales Moor - with the  
apportioned rights of the different  
landowners concerned - I left it at  
the office of Messrs Greigg today with a  
request that they would forward it to  
you for perusal & return when read  
or copied - I have had several  
conversations lately with different  
persons interested who are clearly of  
opinion that Messrs Laver could not  
prove a title to their right or assumed  
right in scales moor -

My tenant William Parker who  
 farms our Lardleton estate informs  
me that his father John Parker  
farmed the estate many years ago

I hope to finish my business  
here & return to London by  
Christmas -

Mess<sup>rs</sup> Hartley of Settle are  
solicitors to Mess<sup>rs</sup> Farrow are  
very anxious for my decision  
as to whether I wish contest or  
give up my right or claim to  
share in Winkersyde pasture.  
I should feel infinitely obliged  
if you could give me an idea  
as to the probable <sup>course</sup> you will  
adopt in this matter

Remain Dear Sir

Yours faithfully

Frank Kidd
